CODE OF CONDUCT FOR GOVERNORS SOUTH THAMES COLLEGES GROUP

(Made by the Kingston College Corporation on 8 December 2011, revised 24 March 2015 and 17 July 2017)

1. INTRODUCTION

- 1.1 This Code is intended as a guide, to indicate the standards of conduct and accountability which are expected of Governors, to enable them to understand their legal and ethical duties and to assist them both in carrying out those duties and in their relationship with the Governors and Principal as the Chief Executive. This Code therefore is aimed at promoting effective, well informed and accountable college governance, and is not intended to be a definitive or authoritative statement of the law or good practice.
- 1.2 In addition to this Code, Governors are recommended to familiarise themselves with the source documents listed in the Schedule.
- 1.3 If a Governor is in doubt about the provisions of this Code or any of the source documents, the Head of Governance should be consulted and, if necessary, professional advice should be obtained. However, ultimate responsibility for the appropriateness of conduct as a Governor of the College and for any act or omission in that capacity rests with the individual Governor.
- 1.4 This Code applies to every committee or working party of the Corporation and to every subsidiary company or joint venture of the College to which Governors may be appointed.
- 1.5 By accepting appointment to the Corporation, each Governor agrees to accept the provisions of this Code.

2. INTERPRETATION

In this Code:-

- 2.1 'College' means Kingston College to be re-named South Thames Colleges Group;
- 2.2 'College Mission Statement' means the statement referred to at paragraph 3.1 of this Code or such other mission statement as may be agreed by the Corporation from time to time;
- 2.3 'College Core Values' means those Core Values set out at paragraph 3.2 of this Code or such other core values as may be agreed by the Corporation from time to time, for example in a Public Value Statement;
- 2.4 'Corporation' means the further education corporation which was established for the purpose of conducting the College;
- 2.5 'Governor', 'Chair', 'Principal' and 'Head of Governance' mean respectively the Member of the Corporation of the College, the Chair of the Corporation, the Principal of the College and the Head of Governance;
- 2.6 'DfE' means the Department for Education;
- 2.7 'ESFA' means the Education and Skills Funding Agency or any successor body;
- 2.8 'Code of Governance' means the Code of Good Governance issued by the Association of Colleges in March 2015
- 2.9 all other definitions have the same meanings as given in the College's Instrument and Articles of Government; and
- 2.10 words importing one gender import any gender.

3. **AIMS AND VALUES**

3.1 The College's Vision, values and mission together with the corporate objectives of the College agreed by the Corporation from time to time seek to encapsulate the core purposes and aims of the College. Governors should have due regard to these purposes and aims and to the Core Values when conducting the business of the Corporation and considering the activities and proposed activities of the College.

3.2 The Corporation recognises its obligations to all those with whom it and/or the College have dealings, including students, employees, suppliers, other educational institutions and the wider community. In particular, the Corporation is committed to:

- having close regard to the voice of the learner;
- combating any discrimination within the College on the grounds of the characteristics protected by the Equality Act 2010;
- upholding the principles set out in the College's Student Charter and
- engaging with the community which the College serves in order to understand and meet its needs in accordance with the College's community/local engagement policy.

3.3 The Corporation is also committed to ensuring that it conducts its business in accordance with the highest ethical standards as set out in more detail in this Code.

4. **DUTIES**

4.1 Governors owe a fiduciary duty to the College. This means that they should show it the highest loyalty and act in good faith in its best interests. Each Governor should act honestly, diligently and (subject to the provisions appearing in paragraph 10 of this Code relating to collective responsibility) independently. The actions of Governors should promote and protect the good reputation of the College and the trust and confidence of those with whom it deals.

4.2 Decisions taken by Governors at meetings of the Corporation* and its committees must not be for any improper purpose or personal motive. Decisions taken must always be for the benefit of the College, its students and staff and other users of the College and must be taken with a view to safeguarding public funds. Accordingly, Governors must not be bound in their speaking and voting by mandates given to them by other bodies or persons (including but not limited to the bodies that elected them).

4.3 Governors must observe the provisions of the College's Instrument and Articles of Government and in particular the duty to give immediate notice to the Head of Governance should they become disqualified from continuing to hold office and also the responsibilities given to the Corporation by the College's Articles of Government. Those responsibilities, including a list of "reserved" responsibilities which are so important that they must not be delegated, are set out in Appendix 3.

- 4.4 Governors should comply with the Standing Orders and terms of reference of the Corporation and its committees to ensure that the Corporation conducts itself in an orderly, fair, open and transparent manner. Governors must keep those Standing Orders and terms of reference under periodic review.
- 4.5 Governors should also have regard to the different, but complementary, responsibilities given to the Principal as the College's Chief Executive. The responsibilities given to the Principal by the College's Articles of Government are set out in Appendix 4. Whereas it is the Corporation's function to decide strategic policy and overall direction and to monitor the performance of the Principal and any other senior post holders, it is the Principal's role to implement the Corporation's decisions, and to manage the College's affairs within the budgets and framework fixed by the Corporation. Governors should work together so that the Corporation and the Principal as Chief Executive perform their respective roles effectively.
- 4.6 Governors should refer to the Head of Governance for advice relating to the governance functions which are set out in Appendix 4 and have regard to the Head of Governance's independent advisory role.

5. **STATUTORY ACCOUNTABILITY**

- 5.1 Governors are collectively responsible for observing the duties set out in the Financial Memorandum and the Funding Agreement which the College has entered into with the ESFA as a condition of receiving public funds. A summary of some of the more important requirements of the Financial Memorandum and the Funding Agreement with the ESFA is set out in Appendix 5.
- 5.2 Although the ESFA is the main provider of funds to the College, Governors should note that they are also responsible for the proper use of income derived from other sources, such as the Higher Education Funding Council for England (HEFCE) and the European Union (EU) and for the control and monitoring of expenditure of such income, in order to meet the requirements of the relevant funding body and public audit.
- 5.3 As accounting officer for the Agency, its Chief Executive is directly responsible and accountable to Parliament for ensuring that the uses to which the ESFA puts its funds are consistent with the purposes for which the funds were given and comply with the conditions attached to them. The Principal, as accounting officer for the College, is also directly responsible and accountable to Parliament, through the Committee of Public Accounts, for the effective stewardship by the College of public funds. The Principal may be required to appear before the Committee of Public Accounts, alongside the Chief Executive of ESFA, to give an account of the use made by the College of such funds. The Corporation is accountable to Parliament for ensuring the financial health of the College, and to the Courts for ensuring that the College is conducted in accordance with the Education Acts and the general law.

6. **PUBLIC SERVICE VALUES**

Public service values are at the heart of the further education service. High standards of personal and corporate conduct, based on the principles set out in Appendices 1 and 2 of this Code, and the recognition that students and other users of the College's services come

first, are a requirement of being a Governor, and should underpin all decisions taken by the Corporation.

7. **SKILL, CARE AND DILIGENCE**

A Governor should in all his or her work for the College exercise such skill as he or she possesses and such care and diligence as would be expected from a reasonable person in the circumstances. This will be particularly relevant when Governors act as agents of the College, for example, when functions are delegated to a committee of the Corporation or to the Chair. Governors should be careful to act within the terms of reference of any committees on which they serve.

8. **POWERS**

Governors are responsible for taking decisions which are within the powers given to the Corporation by Parliament under sections 18 and 19 of the Further and Higher Education Act 1992, as amended. A summary of those powers is set out in Appendix 6. If a Governor thinks that the Corporation is likely to exceed its powers by taking a particular decision, he or she should immediately refer the matter to the Head of Governance for advice.

9. **CONFLICTS OF INTEREST**

9.1 Like other persons who owe a fiduciary duty, Governors should seek to avoid putting themselves in a position where there is a conflict (actual or potential) between their personal interests and their duties to the Corporation. They should not allow any conflict of interest to arise which might interfere with the exercise of their independent judgment.

9.2 Governors are reminded that under the College's Instrument of Government and the general law they must disclose to the Corporation any direct or indirect financial interest they have, or may have, in the supply of work to the College or the supply of goods for the purposes of the College, or in any contract or proposed contract concerning the College, or in any other matter relating to the College or any other interest of a type specified by the Corporation in any matter relating to the College, or any duty which is material and which conflicts or may conflict with the interests of the Corporation.

9.3 If an interest of any kind (including an interest of a spouse or partner of a Governor or of a close relative of the Governor or his or her partner or spouse) is likely or would, if publicly known, be perceived as being likely to interfere with the exercise of a Governor's independent judgment, then:-

9.3.1 the interest, financial or otherwise, should be reported to the Head of Governance;

9.3.2 the nature and extent of the interest should be fully disclosed to the Corporation before the matter giving rise to the interest is considered;

9.3.3 if the Governor concerned is present at a meeting of the Corporation, or any of its committees, at which such supply, contract or other matter constituting the interest is to be considered, he or she should:-

- (a) not take part in the consideration or vote on any question with respect to it and shall not be counted in the quorum for that meeting; and
- (b) withdraw from that Corporation or committee meeting where required to do so by a majority of the Governors or committee present at the meeting.

9.4 For the purposes of clause 9.3 “close relative” includes but is not limited to a father, mother, brother, sister, child, grandchild and step-father/mother/ brother/sister/child.

9.5 Where it is proposed that the Corporation should grant a member a financial interest (such as a contract for the supply of goods or services) the Corporation must observe the requirements of the Charities Act 2011. The Corporation may wish to take legal advice before granting such an interest to a member.

9.6 Governors must not receive gifts, hospitality or benefits of any kind from a third party which might be in breach of the Bribery Act 2010 and the College’s anti-bribery policy or be seen to compromise their personal judgment or integrity. Any offer or receipt of such gifts, hospitality or benefits should immediately be reported to the Head of Governance.

9.7 The Head of Governance will maintain a Register of Governors’ Interests which will be open for public inspection. Governors must disclose routinely to the Corporation all business interests, financial or otherwise, which they may have, and the Head of Governance will enter such interests on the Register. Governors must give sufficient details to allow the nature of the interests to be understood by enquirers. Governors should inform the Head of Governance whenever their circumstances change and interests are acquired or lost. In deciding whether an interest should be disclosed, Governors should have regard to the meaning given to “interest” in paragraphs 9.3 and 9.5 of this Code.

10. **COLLECTIVE RESPONSIBILITY**

10.1 The Corporation operates by Governors taking majority decisions in a corporate manner at quorate meetings. Therefore, a decision of the Corporation, even when it is not unanimous, is a decision taken by the Governors collectively and each individual Governor has a duty to stand by it, whether or not he or she was present at the meeting of the Corporation when the decision was taken.

10.2 If a Governor disagrees with a decision taken by the Corporation, his or her first duty is to have any disagreement discussed and minuted. If the Governor strongly disagrees, he or she should consult the Chair and, if necessary, then raise the matter with the Corporation when it next meets. If no meeting is scheduled, the Governor should refer to the power of the Chair or any five Governors under the College’s Instrument of Government to call a special meeting and, if appropriate, exercise it, requesting the Head of Governance to circulate the Governor’s views in advance to the other Governors. Alternatively, as a final resort, the Governor may decide to offer his or her resignation from office, after consulting the Chair.

11. **OPENNESS AND CONFIDENTIALITY**

- 11.1 Because of the Corporation's public accountability and the importance of conducting its business openly and transparently, Governors should ensure that, as a general principle, students and staff of the College have free access to information about the proceedings of the Corporation. Accordingly, agendas, minutes and other papers relating to meetings of the Corporation are normally available for public inspection when they have been approved for publication by the Chair.
- 11.2 There will be occasions when the record of discussions and decisions will not be made available for public inspection; for example, when the Corporation considers sensitive issues or named individuals and for other good reasons. Such excluded items will be kept in a confidential folder by the Head of Governance, and will be circulated in confidence to Governors. Some confidential items are likely to be of a sensitive nature for a certain period of time only (for example information relating to a proposed commercial transaction or collaboration with another institution). The Corporation should specify how long such items should be treated as confidential or, if this is not possible, such items should be regularly reviewed to consider whether the confidential status should be removed or whether the public interest in disclosure outweighs that confidential status and the item made available for public inspection. When considering such issues the Governors must also consider the College's publication scheme issued under the Freedom of Information Act 2000. However, staff and student Governors have no right of access to minutes dealing with matters in respect of which they are required to withdraw from meetings under the College's Instrument of Government.
- 11.3 It is important that the Corporation and its committees have full and frank discussions in order to take decisions collectively. To do so, there must be trust between Governors with a shared corporate responsibility for decisions. Governors should keep confidential any matter which, by reason of its nature, the Chair or members of any committee of the Corporation are satisfied should be dealt with on a confidential basis.
- 11.4 Governors should not make statements to the press or media or at any public meeting relating to the proceedings of the Corporation or its committees without first having obtained the approval of the Chair or, in his or her absence, a Vice Chair. It is unethical for Governors publicly to criticise, canvass or reveal the views of other Governors which have been expressed at meetings of the Corporation or its committees.

12. **COMPLAINTS**

- 12.1 In order to ensure that the affairs of the College are conducted in an open and transparent manner and that the College is accountable for its use of public funds but also to its employees, its students and the community it serves, it is important for there to be appropriate complaints procedures in place and for these to be well publicised. Governors are reminded of their specific responsibility under the Articles of Government to make rules specifying the procedures in accordance with which employees may seek redress of any grievances relating to their employment, of the importance of having formal complaints procedures in place to handle issues raised by students, former students and third parties and of the legal requirement to have a whistle blowing procedure in place.

12.2 Under the ESFA's Financial Memorandum with colleges , students, employers and other third parties have a right to make a complaint to the ESFA in respect of the College or of any of its decisions. Governors in particular are reminded that under the ESFA's Procedure for dealing with complaints about Providers of Education and Training the SFA:

- *can* investigate complaints about quality or management of learning provision, undue delay or non-compliance with published procedures, poor administration by the Provider, equality and diversity issues (except where there is a more appropriate mechanism for dealing with the matter through the court or tribunals or other organisations), health and safety concerns and complaints made by learners following HE courses in FE colleges;
- *will not* investigate complaints about examination results or curriculum content where a more appropriate form of redress would be the examining body or Ofqual, individual employment issues, contractual disputes, save where this relates to a course funded by a 24+ Advanced Learning Loan, or matters subject of legal action or where legal proceedings are the most appropriate way of resolving the dispute.

13. **ATTENDANCE AT MEETINGS**

A high level of attendance at meetings of the *Corporation* is expected so that Governors can perform their functions properly. The target attendance level is therefore set at a minimum of 80% with an expectation of 100%.

14. **GOVERNANCE DEVELOPMENT**

14.1 The Corporation shall seek to ensure that all Governors are appointed on merit, in accordance with an open selection procedure carried out by the Corporation's Search Committee, and are drawn widely from the community which the College serves so as to be representative of that community. The Corporation should have regard to the provisions relating to the membership of the Corporation in the College's Instrument of Government, the need to combat discrimination and to promote equality, and the need to make available a range of necessary skills and experience to ensure that the Corporation carries out its functions under the College's Articles of Government.

14.2 Governors must obtain a thorough grounding in their duties and responsibilities by participating in the College's governance induction and training programmes, including regular refresher workshops.

14.3 In order to promote more effective governance, Governors will carry out an annual review of the performance by the Corporation of its duties and responsibilities, as part of a continuing and critical process of self evaluation.

APPENDIX 3

Summary of Main Responsibilities of Governors under the Articles of Government

Responsibilities that cannot be delegated are indicated with a double asterisk.

Under the College's Articles of Government the Corporation shall be responsible:

- (a) for the determination and periodic review of the educational character and mission of the institution and for oversight of its activities**;
- (b) for publishing arrangements for obtaining the views of staff and students on the determination and periodic review of staff and students of the educational character and mission of the institution and the oversight of its activities;
- (c) for approving the quality strategy of the institution;
- (d) for the effective and efficient use of resources, the solvency of the institution and the Corporation and for safeguarding their assets**;
- (e) for approving annual estimates of income and expenditure;
- (f) for the appointment, grading, suspension, dismissal and determination of the pay and conditions of service of the holders of senior posts and the Head of Governance , including, where the Head of Governance is, or is to be appointed as, a member of staff, the Head of Governance 's appointment, grading, suspension, dismissal and determination of pay in the capacity as a member of staff;
- (g) for setting a framework for the pay and conditions of service of all other staff; and
- (h) for setting the policy by which the tuition and other fees payable to the College are determined (subject to any terms and conditions attached to grants, loans or other payments paid or made by the SFA).

"Senior Post" means the post of Principal and such other senior posts if any¹ as the Governors may designate for the purposes of the Articles.

Responsibilities which must not be delegated

The Articles of Government prohibit² the Corporation from delegating the following:-

- (a) the determination and periodic review of the educational character and mission of the institution**;
- (b) the approval of the annual estimates of income and expenditure;
- (c) the responsibility for ensuring the solvency of the institution and the Corporation and the safeguarding of their assets**;
- (d) the appointment of the Principal or holder of a senior post;
- (e) the appointment of the Head of Governance (including, where the Head of Governance is, or is to be, appointed as a member of staff the Head of Governance 's appointment in the capacity as member of staff);
- (f) the modifying or revoking of the Articles of Government;
- (g) the consideration of the case for dismissal, of the Principal, the Head of Governance or the holder of a senior post unless such function is delegated to a committee of Governors; and
- (h) the power to determine an appeal in connection with the dismissal of the Principal, the Head of Governance or the holder of a senior post unless such power is delegated to a committee of Governors.

The Corporation may, from time to time, resolve to add other functions which must not be delegated to this list of "reserved" responsibilities.

¹ Under the revised Schedule 4 FHEA it is open to corporations not to designate any posts as senior ones.

² See note 6

APPENDIX 4

Summary of main responsibilities of the Principal under the Articles of Government³.

Under the College's Articles of Government the Principal shall be the Chief Executive of the College and shall be responsible for:

- (a) making proposals to the Corporation about the educational character and mission of the institution, and for implementing the decisions of the Corporation;
- (b) the determination, of the institution's academic activities and the determination of its other activities;
- (c) preparing annual estimates of income and expenditure, for consideration and approval by the Corporation, and the management of budget and resources within the estimates approved by the Corporation;
- (d) the organisation, direction and management of the institution and leadership of the staff;
- (e) the appointment, assignment, grading, appraisal, suspension, dismissal, and determination, within the framework set by the Corporation, of the pay and conditions of service of staff, other than the holders of senior posts or the Head of Governance , where the Head of Governance is also a member of the staff; and
- (f) maintaining student discipline and, within the rules and procedures provided for within these Articles, suspending or expelling students on disciplinary grounds and expelling students for academic reasons.

Summary of main responsibilities of the Head of Governance under the Articles of Government⁴.

Under the College's Articles of Government the Head of Governance shall be responsible for advising the Corporation with regard to:

- (a) the operation of its powers;
- (b) procedural matters;
- (c) the conduct of its business; and
- (d) matters of governance practice.

³ The position is set out as required by the 2008 Articles. The revised Schedule 4 FHEA 1992 contains no statement of the responsibilities of the Chief Executive, as the Principal may now be known, so a corporation may delegate any responsibility it thinks fit to the Principal, subject to it retaining responsibility for those reserved matters shown with a double asterisk.

⁴ The position is set out as required by the 2008 Articles. The revised Schedule 4 FHEA 1992 contains no statement of the responsibilities of the Clerk, however it is suggested that the list in the 2008 Articles remain appropriate. Legal advice should be obtained if any change to the list is being considered.

APPENDIX 5

Summary of Main Provisions of the Financial Memorandum with the Skills Funding Agency

Purpose

The SFA issued a revised draft version of the financial memorandum for further education colleges, together with a version for sixth form colleges that recruit adult students, for comment in May 2013. At the same time EFA issued a draft funding agreement for further education colleges that provide EFA funded education for those under 19. The final versions of these documents came into force on 1 August 2013.

The SFA and EFA explained in a letter to the Association of Colleges that the proposed arrangements will ensure that both general FE and sixth form colleges have proper lines of financial accountability to the relevant funding body. Many general FE colleges also receive funding for provision for students aged under 18 from the EFA. Conversely, some sixth form colleges receive funding from the SFA for adult provision.

Format

The form of the documentation varies because of the different legal basis on which the SFA and EFA fund provision. The SFA provides funding under the Apprenticeships, Skills, Children and Learning Act 2009 on the basis of grant – in aid. Such grants are provided subjects to conditions set out in the Financial Memorandum. The EFA provides funding under the Education Act 2002. Such funding is not limited to provision by grant – in aid so the appropriate document is a Funding Agreement which is contractual in nature. The Funding Agreements which EFA will provide to colleges are broadly similar in nature to those that EFA has with academy schools.

While the EFA Funding Agreements are broadly similar to those previously in place with sixth form colleges, the new SFA Financial Memorandum for FE colleges (and its counterpart for sixth form colleges) is in a different format from the one used until recently. The SFA's Financial Memorandum has previously been in two separate parts, with the general conditions of grant in part 1 and conditions specific to the individual college in part 2. However, over time part 2 has itself become largely standardised, to deal with issues such as data protection, freedom of information, learner health and safety and so on. The replacement Financial Memorandum brings the two parts together into one document, with only the financial annexes differing between institutions, unless there is a particular need for special provisions specific to a particular institution.

The EFA Funding Agreements are structured in two parts. Part 1 is broadly similar to the former part 1 of the SFA Financial Memorandum. In the version of the EFA funding agreement for general FE and specialist colleges, this material is omitted, since EFA will take assurance from the equivalent provisions in these colleges' Financial Memoranda with SFA. For the same reason, the version of the Financial Memorandum which is now provided by the SFA to sixth form colleges omits those provisions which are central to the financial accountability arrangements, e.g. those setting out the responsibilities of the governing body and of the accounting officer, the requirement to provide information, and the requirements in relation to financial reporting and audit. This is because the SFA will rely on equivalent provisions in the sixth form colleges' Funding Agreements with the EFA.

In practice, if a general FE college, receiving funding from both SFA and EFA, were to get into serious financial or quality difficulties, there would be liaison between the two funding bodies and regulatory action would be co-ordinated by the lead funding body, ie the SFA (for general FE colleges) and the EFA (for sixth form colleges).

There follows a commentary on the main provisions of the SFA Financial Memorandum for further education colleges.

Definitions

It should be noted that references to public funds include funds provided by HEFCE as well as those provided by the SFA.

Statutory framework

The conditions set out in the Financial Memorandum are intended to enable the Chief Executive of Skills Funding to carry out his functions under the Apprenticeships, Skills, Children and Learning Act 2009 (ASCLA). Note that ASCLA gives these functions to the holder of this post rather than to the SFA itself. The SFA has no separate legal status and will in due course become an agency of the

Department for Business, Innovation and Skills (DBIS). The Chief Executive of Skills Funding (the "Chief Executive") has responsibilities as accounting officer to his or her department for ensuring that the use of funds which he/she receives from the Secretary of State is consistent with his/her statutory remit and any conditions imposed by the Secretary of State.

Responsibilities of a Governing Body

The Financial Memorandum recognises that a Corporation is an independent body responsible for managing the college and ensuring its financial viability. However, the Corporation must inform the Chief Executive of any transaction that could jeopardise the college's financial viability and must also be able to demonstrate that all transactions achieve value for money for funds provided under the financial memorandum.

The governing body must appoint an accounting officer (expected to be the chief executive/principal of the college). There must be an accounting officer in place at all the times and the SFA must be informed of the accounting officer's name and position and who will discharge their various responsibilities if they are absent from the college for an extended period.

The accounting officer takes personal responsibility, which is not delegable, to ensure compliance with the Financial Memorandum and conditions of funding. The accounting officer may be required to appear before the Public Accounts Committee on matters relating to the Corporation's use of funds.

The accounting officer must advise the governing body if at any time in his/her opinion any action under consideration by the governing body is incompatible with the Financial Memorandum. If the governing body resolves to continue with such action the accounting officer must inform the Chief Executive.

Allocation of funds

The Chief Executive will allocate funds to the Corporation annually provided that he/she is satisfied that the Corporation is financially viable and able to deliver education of a reasonable quality meeting the needs of learners and employers and the Corporation has met the previous year's conditions of funding. The Corporation is free to spend its funding as it sees fit provided it fulfils the conditions of funding but funds must not be used to deliver provision in respect of which the Corporation has already received other funding, public or otherwise, unless agreed by the Chief Executive.

Capital transactions

The Corporation must manage its property with regard to good practice guidance in the FE sector. It is no longer necessary to obtain approval of the Chief Executive to the disposal of land or buildings which had been acquired or developed with the help of capital grants from the SFA or previous associated bodies, but the Chief Executive must be notified in writing of such transactions and reserves the right to require repayment of some or all of the associated grant.

Financial reporting

The Chief Executive specifies the information to be contained in the Corporation's financial statements. Audited financial statements must be provided to the Chief Executive within five months of the Corporation's year end. The Corporation must have an effective policy on risk management. The Corporation must notify the Chief Executive in writing if at any time there is a risk to the college's solvency and viability.

Audit

The Corporation must appoint an audit committee and arrange to provide internal and financial statements audit, including regularity audit, in accordance with the Joint Audit Code of Practice.

The Corporation must investigate and report to the Chief Executive all significant cases of fraud or suspected fraud.

Payment to employees on termination of employment

The Corporation must only make payments to employees on the termination of their employment for the purpose of meeting contractual obligations. Payments must be demonstrated to be regular, secure value for money and avoid spending funds on settlements where disciplinary action would have been more appropriate. Where employment claims are brought by a senior post holder it should take appropriate professional advice on any proposed settlement and the terms of the final agreement should be agreed by the governing body and brought to the attention of the financial statements auditors.

Provision of information

The Chief Executive reserves the right to request information from the Corporation in order to exercise his responsibilities. The Corporation must inform the Chief Executive in writing of the vacating or filling of the positions of Chair of the governing body, Principal and Head of Governance .

Additional conditions of funding

The Chief Executive reserves the right to impose additional conditions where he/she considers it necessary to secure the delivery of education and training of a reasonable quality or to require the Corporation to address concerns about its financial viability.

Repayment of funds

In the case of a breach of the conditions of funding the Chief Executive reserves the right to require repayment of all or part of the funds.

Raising Standards, Feedback and Complaints

The college must deliver the funded provision to an acceptable standard of quality and comply with the Performance Management Rules published by the Chief Executive. There is a set procedure for dealing with inadequate provision which may lead to issue of a Notice of Concern or ultimately a Notice of Withdrawal of Funding. We understand that these provisions are to be amended in the light of the BIS/DfE intervention policy now set out in *Rigour and Responsiveness in Skills*.

Colleges are expected to have acceptable procedures for gathering and acting upon feedback and complaints from learners and/or their representatives and employers and the wider community. These must be made available to those who may wish to complain. Where a complaint is not resolved satisfactorily the complainant must be informed of their right to complain to the Chief Executive.

Additional matters

The Financial Memorandum now incorporates a number of other clauses on compliance matters such as health and safety, equal opportunities, data protection and freedom of information, and State Aid. These were formerly in Part 2 of the previous Financial Memorandum.

Interpretation

Nothing in the Financial Memorandum shall require the Corporation to act in a manner which would cause the Corporation to cease to be a charity.

Colleges need to familiarise themselves with the detailed content of the new financial memorandum and funding agreement in the versions applicable to their type of college. However, despite the presentational differences in the documentation, colleges will find that the substance of the requirements that they need to meet is largely unchanged.
